Principle

From Merriam-Webster online; 'a rule or code of conduct'

Principles

- Design by Subtraction
- YAGNI (You Ain't Gonna Need It)
- DRY (Don't Repeat Yourself)
- Interface Fragility
- Confident but Humble
- If you don't have a problem, you don't have a job
- You learn best from failure
- The ratchet rule
- Best practice is guidance, not commands
- Small steps can mean big problems
- It's easier to criticize than to create.
